AGENTS,

Office next to Presbyterian Church

Mr. and Mrs. John Slaughter are visitors in Tombstone this week. Mr. Slaughter is one of the old pioneers of Cochise county and counts his friends by the legion.

B. J. O'Reilly, county assessor, was in Douglas yesterday completing the assessment of the smelter city.

Mr. and Mrs. W. G. McDonald were visitors in Bisbee Monday evening, and attended the masquerade ball given at the opera house by the Order of Odd Fellows and Rebecca.

BRIEF CITY NEWS

Made Best Score.

The Ives, of this city, was a visitor at Tombstone on Sunday, and participated in a gun shoot. Mr. Ives made the highest score, which was 110 out of 140.

Greene in Tucson.

W. C. Greene, president of the Cananea Consolidated Copper Co., passed through Naco on Monday en route to Tucson. Mr. Greene was accompanied by A. C. Bernard.

Finished Contract.

Redmond Toohy, who has just completed a contract for the Copper Queen company for the building of some side tracks in the vicinity of the Spray mine, left on Sunday for Tucson.

Seriously Ill in Sonora.

Geo. French, of Douglas, is seriously ill at Picacho, Sonora. His brother-in-law, Ernest Williams, left for Sonora yesterday to bring Mr. French back to Douglas, where he can receive proper medical treatment.

Ranger Returns.

Ranger Hopkins returned to Douglas yesterday from a trip through the Naco country. He helped capture a Mexican mesal smuggler near Naco. The hombre was taking six gallons of the stuff to Bisbee.

Pay Day at Douglas.

Monday was Copper Queen pay day at Douglas, and last night a line of men stretched from the cashier's window in the store nearly to the porch of the Ord hotel. The line will be longer next month, says the International-American.

World's Fair Ore.

Five boxes of ore were shipped from Bisbee to Tucson last week, and will be added to the exhibit prepared there for shipment to the exhibition at St. Louis. The shipment of the exhibit from Southern Arizona will be made this week. That portion of the exhibit from the Northern part of the Territory is already en route.

Surrendered to Authorities.

Deputy Sheriff Hal Kerr, of Douglas, was in Tombstone Sunday, having taken over a young man who is charged with holding up the Cattle Exchange saloon in Douglas several months ago. The young man has been in New Mexico, but tiring of being a fugitive, gave himself up. He waived examination Saturday and bond was fixed at \$1,000, which has not been given.

Prof. Douglas Arrives.

Professor James Douglas, president of Phelps, Dodge & Co., arrived in Bisbee last evening at 11:45. He was accompanied by H. J. Simmons, superintendent of the El Paso & Southwestern. The special train left El Paso at 2 p. m., and a short stay was made at Douglas, where the Professor inspected the new smelting plant of the Copper Queen, which will be started for the first time this morning.

Controversy Settled.

The Tucson Star says: The controversy between L. Zeckendorf and Albert Steinfeld, of the commercial house of L. Zeckendorf & Co., which has been in court for the past few weeks, and which has caused more than the usual interest, was brought to a conclusion yesterday when Judge Davis, upon the application of the parties for a receiver, appointed Colonel Epes Randolph and Gust A. Hoff, joint receivers of the concern.

Ed Sturges Seriously Ill.

A telegram was received in Bisbee this morning from El Paso, which said that Edward Sturges was at the point of death. Mr. Sturges was one of the original owners of the El Tigre, and is heavily interested in the company. Recently he has been promoting a big oil and placer field enterprise near Yuma. It is sincerely hoped that Mr. Sturges is not so seriously ill as the telegram indicated, for he is one of the oldtimers, and is very popular in this section of the southwest.

The remains of the infant daughter of Mr. and Mrs. John Huffaker were given interment at Evergreen cemetery yesterday afternoon. Services were held by the Rev. Harvey M. Shields. The child died on Monday after having suffered for some days from an attack of pneumonia.

Fifty More Trees Planted.

The committee appointed for the purpose of carrying out plans for the beautifying of Evergreen cemetery, are devoting much attention to the duties they have taken upon themselves, and by the end of this week they will have had another batch of fifty sturdy young trees planted in the burial grounds. The addition of this number makes over two hundred and fifty trees that have been placed in the cemetery since the committee commenced its work of making improvements. Twenty-five of the trees placed in the grounds this week were distributed on the plot owned by the Ancient Order of United Workmen, and the other twenty-five on the plot that is kept up and owned by the Fraternal Brotherhood. It is not likely that any more trees will be set out this season, as the time is getting late, as all sorts of shrubbery and trees are commencing to garb themselves in foliage.

Killed at Benson.

An unknown person was found dead in the turntable pit at Benson about midnight Saturday night. He had probably been dead about an hour when found. The inquest was held and the deceased was found to have been evidently met with an accidental death. The man had been drinking considerably during the afternoon and evening, and it is supposed that in crossing the turntable he tripped and fell off into the pit below, striking on his head. His neck was broken by the fall. The deceased was middle aged and was a cook by profession.

Smelter Blows in Today.

Advices to the Review from Douglas last night stated that although an extra force of mechanics had been working overtime yesterday in the hope that the big Copper Queen smelters at that point would be blown in on the fifteenth inst., the event was forced to be postponed until today. The smelters will be started today for a trial run, and a test made of the machinery. It will probably be the latter end of the month before the plant is in operation in full force.

Johnson is Confident.

Notwithstanding the reports that are coming from Washington and New York to the effect that G. W. Dunn, of Birmingham, N. Y., is to be the next secretary of this territory, Judge Johnson, of Douglas, says he has good reasons to know that he will get the appointment. Yesterday he received word from his friends in Washington that he would get it.

To Be Buried in California.

The remains of the late Frank Spiken, who met an untimely death on Saturday night through a foul act on the part of a robber and assassin, will be shipped today to the deceased's home at Jamestown, California. The remains will be accompanied by Mr. Corum, of this city, who has known the deceased intimately during the past several years. Jamestown is the home of the deceased's widow, who resides there with her children.

Will Not Reduce Duty.

The 5 per cent duty on wheat imposed by the Mexican government will not be reduced this year. The report that the grain raisers of Mexico were combining to raise the price of wheat was found to be false, and the government will take no action.

Manager C. D. Rouzer, of the Copper Queen Hotel, was a visitor in Douglas yesterday, where he went to confer with B. F. Graham, president of the Lucky Tiger Combination Gold Mining Co., regarding accommodations for the stockholders of that company, who will shortly arrive in Bisbee from the East for the purpose of holding the annual meeting of that company.

J. G. Pritchard, of this city, has returned from Northern Sonora, where he has been on a tour of inspection of some valuable mining property. His visit was in the interest of a number of local and outside parties who expect to take a hand in the development of this vast and rich mineral country.

Mexican is Killed Near Douglas

YOUNG AMERICAN SHOTS DOWN HIS ASSAILANT, AND IS EXONERATED.

Shooting Affray Occurred at Ranch House About Three Miles Below Douglas, and Was in Self Defense.

(Special to Review.)

Douglas, March 15.—Douglas was thrown into intense excitement this afternoon, when J. Brooks Noble shot and killed a Mexican three miles below town, but quiet was quickly restored when the coroner's jury, a few hours later, brought in an edict of justifiable homicide, after a few minutes deliberation.

The killing occurred at a ranch house about three miles below town, the property of young Noble's uncle.

Last week the same ranch house was entered and robbed, and several articles of value were taken away. This afternoon young Noble was at the house, when he heard some one trying to get in at the window. He went outside and saw a Mexican trying to enter the place. Noble told the Mexican that he was the party who had robbed the house last week, and to come with him to town.

They had proceeded on their way but a few yards, when the Mexican pulled a savage looking knife from his pocket and began an onslaught on his captor. Young Noble returned the attack with a revolver, and fired four shots at his assailant, all taking effect, the last proving fatal. Noble was seriously cut while defending himself from the knife of the Mexican.

The bullet that brought the combat to a close entered the Mexican's body at a point near his heart, producing death instantly.

Officers were quickly on the scene, and Noble was brought into Douglas, where a jury was summoned. After hearing a portion of the evidence the defendant was exonerated.

Mr. Noble is employed in the real estate office of his uncle, P. T. Parker. He has a high standing in the community, and is known as a quiet and orderly young fellow. He is about twenty years old.

Copper Queen Arrivals.

S. Herremann, Tucson; Geo. K. Hall, El Paso; Fritz Rosenstein, Henry Laub, Los Angeles; P. B. Drake, Phoenix; R. G. Coleman, H. J. Simmons, G. J. Hartman, El Paso; T. R. Woodbridge, Denver; Mrs. T. F. Butzon, Cananea; W. B. Hutchings, W. O. Franklin, San Francisco; Lee C. Scott, Chicago; J. L. Logan, H. W. Peacock, D. E. McDuffie, El Paso; J. H. Hooper, Cananea; F. R. O'Brien, Tombstone; R. S. Sulzer, Cananea; F. C. Earle, W. S. Moore, El Paso; Frank Collins, Kansas City; A. O. Wilson, El Paso; F. E. Flannigan, Tombstone; P. W. Marx, El Paso.

We have just received a car load of screen doors of all descriptions. Try keeping the flies out. Bisbee Lumber Co. 3-15-14.

COLDS ARE DANGEROUS. How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures, and is pleasant to take. Sold by all druggists.

"The Fair" FRANKENBERG BROS & NEWMAN

Irish Linens for Dresses

Main Floor

In place of the plain linen idea, which was all that makers used to have, we are getting now as many different kinds of linens as there are leaves on a tree, etamine linens, voile linens, flake linens, checks, spots, and all sorts of novelties are worked out in flax. The looms that make them seem like human fingers to carry out these clever ideas. Black and white effects, part linen, come at 25c. Novelty mixed linens range in price from 30c to 50c. Plain, natural and color linens, 25c to 40c. White linens, 50c to 75c. 36-inch sheer linens in white, 75c to \$1.25.

Men's Spring Clothing
